Spinal puncture Reducing pain in ED patients during lumbar puncture: the efficacy and feasibility of iontophoresis, collaborative approach (Strout et al). 2004;30:423-30
Student health services Raising college students' alcohol awareness: a successful program at the University of Virginia (Wilson). 2004;30:64-7
Substance-related disorders Isn't an alcohol- or drug-addicted adolescent worth a penny? Self-funding programs can make a difference (Téllez). 2004;30:284-6
New drugs of abuse update: foxy methoxy (Muller). 2004;30:507-8
Substance withdrawal syndrome Systematic ED assessment and treatment of alcohol withdrawal syndromes: a pilot project at a Veterans Affairs Medical Center (Wojtecki et al). 2004;30:134-40

Succinylcholine Contraindicated drugs to treat nerve agent poisoning (Hohenhaus). 2004;30:52 (Clinical Nurses Forum)
Surveys; *see* **Data collection**
Survival analysis The experience of trauma resuscitation in the emergency department: themes from seven patients (O'Brien and Fothergill-Bourbonnais). 2004;30:216-24
Syringes Death by syringe (Paparella). 2004;30:552-5

T

Tetanus Trismus and acute respiratory distress in a 63-year-old woman ten days after stepping on a firecracker (Hassman and Witek-Janusek). 2004;30:526-8
Theft Decreasing theft of supplies (Baker). 2004;30:494 (Managers Forum)
Thiamine The coma cocktail: indications, contraindications, adverse effects, proper dose, and proper route (Bartlett). 2004;30:572-4
Thinking Exercises in critical thinking at triage: prioritizing patients with similar acuities (Gurney). 2004;30:514-6
Unfolding case based scenarios: a method of teaching and testing the critical thinking skills of newly licensed nurses (Gilboy and Kane). 2004;30:83-5
Thoracic injuries Motor vehicle crash victim with chest injury (Morris). 2004;30:91-3
Thrombolytic therapy Thrombolytic therapy: no room for error (Paparella). 2004;30:348-50
Time factors A comparison of wait times and patients leaving without being seen when licensed nurses versus unlicensed assistive personnel perform triage (Paulson). 2004;30:307-11
Injection wait times (Brown) (McCool). 2004;30:563 (Managers Forum)
A look at a two step triage system: how one high volume, level one trauma center decreased long triage waits (Fisher and Whalen). 2004;30:584-5
Time management Cutting back for more balance (Hammonds). 2004;30:492 (Managers Forum)
Getting things done (Ellwood). 2004;30:167-8 (Managers Forum)
Tinnitus A 27-year-old man with ringing in his right ear and decreased hearing: five-level acuity scale discrimination of pain (Gurney). 2004;30:191-2
Tobacco industry Elephants in the corner (Lenehan). 2004;30:396-7 (Editorial)
Tobacco industry sponsorships: new image belies its deadly product (Malone). 2004;30:185-7
Toys; *see* **Play and playthings**
Trauma; *see* **Wounds and injuries**
Trauma centers A comparison of five state trauma systems meeting all eight essential ACS criteria: a descriptive survey (Pfohman and Criddle). 2004;30:534-41
A look at a two step triage system: how one high volume, level one trauma center decreased long triage waits (Fisher and Whalen). 2004;30:584-5
A nurse-initiated pain management advanced triage protocol for ED patients with an extremity injury at a level I trauma center (Seguin). 2004;30:330-5
2003 "clarification" of controversial EMTALA requirement for 24/7 coverage of emergency departments by on call specialists, significant impact on trauma centers (Southard). 2004;30:582-3
Trauma Notebook (column) Trauma Notebook. 2004;30:91-3, 188-90, 287-8, 380-3, 512-3, 582-3
Trauma severity indices Preparing ED nurses to use the Canadian Triage and Acuity Scale with web-based learning (Atack et al). 2004;30:273-4
Traumatology PDAs for the trauma nurse: help or hindrance? (Eastes). 2004;30:380-3
Strategies to cover TNCC/ENPC costs (Brumfield) (Rasmussen) (Steele et al) (Weagle). 2004;30:352-3 (Managers Forum)
Triage A comparison of wait times and patients leaving without being seen when licensed nurses versus unlicensed assistive personnel perform triage (Paulson). 2004;30:307-11
Controlling children's fever at triage (Hohenhaus). 2004;30:346-7 (Clinical Nurses Forum)
The Emergency Severity Index (version 3) 5-level triage system scores predict ED resource consumption (Tanabe et al). 2004;30:22-9
Exercises in critical thinking at triage: prioritizing patients with similar acuities (Gurney). 2004;30:514-6
Implementation of an ED protocol for pain management at triage at a busy Level I trauma center (Campbell et al). 2004;30:431-8
Improving triage (McNair). 2004;30:75 (Managers Forum)
A look at a two step triage system: how one high volume, level one trauma center decreased long triage waits (Fisher and Whalen). 2004;30:584-5
A nurse-initiated pain management advanced triage protocol for ED patients with an extremity injury at a level I trauma center (Seguin). 2004;30:330-5
Nurse-initiated pain relief triage protocols (Fielden) (Meyer) (Wolfe). 2004;30:560 (Managers Forum)
"Portable" CEN review and triage course: one state ENA education committee's experience (Everson). 2004;30:174-5
Preparing ED nurses to use the Canadian Triage and Acuity Scale with web-based learning (Atack et al). 2004;30:273-4
The Rhode Island nightclub fire: the story from the perspective of an on-duty ED nurse (Dunbar). 2004;30:464-6
A 6-month-old with bilateral swollen, painful, and deformed hands (Cooper). 2004;30:384-7
Standing orders for analgesics in triage (Beard) (Hill) (Montague) (Tucker). 2004;30:262-3 (Managers Forum)
A 39-year-old woman with nausea, vomiting, and abdominal pain during flu season (Gurney). 2004;30:289-91
Three-year-old with fever, cough, chest/abdominal rash, and swollen fingers (Gurney). 2004;30:94-5
Triage technician to help with waiting room reassessment (Fielden) (Keyes) (Tucker). 2004;30:562 (Managers Forum)
Triaging chest pain with an EKG (Baker) (Pierce). 2004;30:162-3 (Managers Forum)
A 27-year-old man with ringing in his right ear and decreased hearing: five-level acuity scale discrimination of pain (Gurney). 2004;30:191-2
Using protocols in triage (Purvis). 2004;30:562 (Managers Forum)
Triage Decisions (column) Triage Decisions. 2004;30:94-5, 191-2, 289-91, 384-7, 514-6, 584-5
Trismus Trismus and acute respiratory distress in a 63-year-old woman ten days after stepping on a firecracker (Hassman and Witek-Janusek). 2004;30:526-8

U

Utilization review Care plans for patients with frequent ED visits for such chief complaints as back pain, migraine, and abdominal pain (Brice). 2004;30:150-3

V

Ventilation Ventilating in an emergency (Hohenhaus). 2004;30:347 (Clinical Nurses Forum)
Verbal behavior Handling physician verbal abuse (Clarke and Walsh) (Curtin) (Mason). 2004;30:490-2 (Managers Forum)
Veterans Emergency nurse veteran appreciates ENA support (Voght). 2004;30:5 (Letter)
Vitamin D deficiency A 6-month-old with bilateral swollen, painful, and deformed hands (Cooper). 2004;30:384-7

W

War Humanitarian aid to Iraqi civilians during the war: a US nurse's role (Gately). 2004;30:230-6
What's New What's New. 2004;30(2):27A-29A, (3):62A-63A, (4):36A-37A, (5):29A-32A, (6):41A
Wheelchairs Accompanying patients who want a wheelchair on discharge (Bradshaw) (Harris) (Lester). 2004;30:487 (Managers Forum)
Wildlife; *see* **Animals, wild**
Wounds, gunshot Rhabdomyolysis following a gunshot wound and one trauma center's protocol and guidelines (Terpilowski and Criddle). 2004;30:36-41
Wounds, nonpenetrating Blunt cardiac trauma following a head-on motor vehicle crash (Harrahill). 2004;30:188-90
Wounds, penetrating A 79-year-old man with an impalement injury of his face (O'Loughlin and Criddle). 2004;30:303-6
Wounds and injuries Injury prevention posters from the 2003 ENA annual meeting, Philadelphia, Pa. 2004;30:109-12
The pupil examination in the trauma patient (Gattey). 2004;30:512-3
Staff nurses anesthetizing wounds (Hunter). 2004;30:352 (Managers Forum)
